

"Your organization has the opportunity to partner with NC Science Olympiad and NC State University to make a lasting impact on students and strengthen our country's future STEM workforce."

-Kim Gervase, NCSO Executive Director

PARTNERSHIP OPPORTUNITIES

NCSO seeks organization and business partners who are passionate about creating a one-of-a-kind experience that inspires students to develop a meaningful connection to STEM degrees and careers in NC. Your organization has the opportunity to partner with NC Science Olympiad and NC State University to make a lasting impact on students and strengthen our country's future STEM workforce.

- 8,000 students, educators, industry professionals and parents will converge at North Carolina State University for the National Tournament.
- Over 7,000 schools will participate from 50 states across the country.
- 120 teams of middle & high school students representing the nation's top students
- Tournament includes 50 competitive STEM events.

Community partners have the power to inspire talented students to pursue science, technology, engineering, and math (STEM) careers when North Carolina Science Olympiad hosts the Science Olympiad National Tournament in 2020.
